Education

- Bachelor of Biology & Medical laboratory Research
Hogeschool Rotterdam
2018 - 2023

Skills

- Western blotting
- Cell culture
- PCR
- Technical Skills
- Data Analysis
- Troubleshooting
- Laboratory Safety

Summary

Graduated Cum Laude as Laboratory Technician with strong knowledge of a variety of laboratory techniques and safety protocols. Proficient in preparing and performing lab experiments, analyzing data, and troubleshooting lab equipment.

Work Experience

Lab Technician, Experimental Anesthesia – Erasmus MC

2022 – 2023

- Successfully conducted experiments to evaluate the properties of biological samples in accordance with protocols and assisted in improving existing procedures, and creating standard operating procedures.
- Experience in maintaining cell cultures and following safety guidelines.
- Utilized advanced laboratory equipment, such as imaging systems, PCR, centrifuges and high-resolution respirometry equipment.
- Recorded and analyzed data from tests and experiments, and documented results accurately.
- Cooperation in project groups and presenting relevant data.

Supermarket Assistant, Lidl

2016 – 2022

- Developed a strong sense of time management, responsibility and collaboration.
- Experience in communication and problem-solving.
